CURBED BY THE COURT

Was the Story of the Motive of the Shooting of Minister Keller.

DEFENDANT ATTEMPTED TO TELL IT.

Points Made by Former Senator Hill During His Argument in the Mollineux Appeal—Other Celebrated Cases.

Jersey City, June 19.—Once more the prosecution in the case of Thomas G. Barker, on trial for the shooting of the Rev. John Keller, of Arlington, blocked the defense in its efforts to bring out the story of the motive that moved the prisoner when he attempted the life of his former friend. Barker was called to the witness stand on the opening of court, and in reply to questions of his counsel, he began to describe his movements on Feb. 3, the morning of the shooting. He said he left home to buy a newspaper. He said he met Mr. Keller on Beach street. Keller stopped and said "Good morning, Mr. Barker." Here the witness straightened up in his chair and continued: "I replied to Keller and said 'you damned villain, you outraged my wife,' and then —"

"I object, I object, stop, stop," shouted County Prosecutor Erwin. The court ruled not to allow further testimony on this point and then Barker started to tell what happened after the shooting. He said he jumped on a car and went alone to the town hall, which was in contradiction of testimony for the state that he was accompanied by Mr. Buckley, a neighbor. The witness started to tell what a sleepless night he had spent before the shooting and about his nervous and excited condition. He was promptly stopped by the prosecutor and the objection was sustained.

Barker's testimony regarding the passing of words with Keller before the shooting contradicts the statements of the latter. Witness detailed a quarrel had with Keller because the latter had borrowed \$83 from Mrs. Barker in April 1899, the last of which was paid in March, 1900. Previous to that incident, the relations of Keller with witness and his wife had been very friendly, they frequently bicycled together and witness presented Keller with a bicycle. Witness said he did not know until January that his wife had left Mr. Keller's church.

Mrs. Mary Barker, wife of the defendant, was called to the stand. She said she had been married to Barker for four years and had known Mr. Keller about 10 years. She said Keller was in the habit of visiting their home four or five times a week. Mrs. Barker was questioned as to her connection with the Trinity mission, of which Mr. Keller was rector.

"Why did you sever your connection with the mission?"

"Because Mr. Keller outraged me." The answer was without hesitancy.

The prosecutor objected vigorously, but Judge Blair let question and answer stand.

CASE SUBMITTED.

Closing Arguments in the Appeal of Roland Mollineux.

Buffalo, June 19.—The argument of the appeal of Roland B. Mollineux, the alleged poisoner of Mrs. Katherine J. Adams, was resumed before the court of appeals. Ex-Senator David B. Hill for the people made a number of additions to the authorities and decisions referred to in his brief and then took up the question of the guilt of the defendant, reminding the court that not once in its argument had the other side avowed the innocence of the accused. He insisted that it had been proved by the overwhelming evidence that Mollineux had written the letters and the address on the poison package and that his guilt was clearly established. He said it was not material who bought the bottleholder and drew attention to the fact that Sellers, Mollineux's friend and assistant, had never set foot in New York after the arrest. Mr. Hill also dwelt on the fact that Mollineux was a chemist and described his laboratory and the poisons which it contained.

Mr. Millburn, replying to a criticism that he had not declared the innocence of the defendant, explained that he had not made a practice of obtruding his personal beliefs in an argument of a legal question. He said the Cornish envelopes had not been found and there were no postmarks to connect visits of Mollineux to New York with those postmarks. When Mr. Millburn closed the case was submitted.

Jessie Morrison Trial.

Eldorado, Kas., June 19.—The state began its presentation to the jury of evidence bearing on the killing of Mrs. Olin Castle by Jessie Morrison.

The description of the death struggle on the morning of June 22, a year ago, between the two women caused intense interest in the crowded court room. It also had its effect on the prisoner. While Attorney Leydig, for the state, read the statement, slowly and impressively, the members of the jury did not take their eyes from his face. Miss Morrison's breast heaved and she gulped continually. She held her fingers to her lips and rarely moved. Mrs. Emma S. Spangler, the first person on the scene of the tragedy, told of hearing screams in the Castle house and on running to the scene of seeing Mrs. Castle bleeding from wounds on her throat and breast and her clothing torn, lying on the floor, while Jessie Morrison stood over her.

MAY STRIKE.

Garment Makers Demand a Change in Present Conditions.

New York, June 19.—A strike of 30,000 garment workers in the state of New York during the next month is said to be contemplated. They demand shorter hours, better sanitation of factories, improved conditions of labor, increase in wages, the recognition of the union and the adoption of the union label. The union has acquired considerable strength in the west, where its crusade in favor of cleaner factories and the adoption of the union label as an evidence of sanitary conditions surrounding labor has met with warm public approval.

Conditions in China.

Santiago de Cuba, June 19.—Sir William Van Horne, chairman of the board of directors of the Canadian Railway company, who has been in Cuba for some time past supervising his railroad interests in this island, sailed for Boston on a fruit steamer. He said he was greatly pleased with the progress of railway construction in Cuba. He had never seen better results concerning the conditions and he was pleased with the Cuban and Spanish labor which was better than anticipated. Sir William expects to complete the road between Santiago and Santa Clara within a year, which will give connection with Havana and all other parts of the island.

Russia and Uncle Sam.

Washington, June 19.—Count Cassini, the Russian ambassador, in discussing the latest phases of the tariff issue which has arisen between Russia and the United States, said that the issues do not seem to him to be very grave and he is hopeful that they will be satisfactorily adjusted. He said the action of Russia is an economic move pure and simple, and is quite certain that it is due to no antagonism against the United States. Count Cassini said no special significance could attach to a matter of purely commercial nature. He said he knew nothing of any European movement against American products.

At the Cash Register Works.

Dayton, O., June 19.—The National Cash Register company resumed work with all departments filled except the molders, carpenters and machinists. The woodworkers are at work. Owing to short notice there are some absences from the city, but in these instances the men left word they would return when notified. There were 500 men outside of the regular employees at the main entrance seeking work in various departments. One thousand eight hundred employees are now at work.

Copper Company Increases.

Trenton, N. J., June 19.—The Amalgamated Copper company filed a certificate increasing its capital stock from \$75,000,000 to \$155,000,000. The certificate is signed by Anson Flower, president, and William C. Rockefeller, secretary of the company. The purpose of the increase is to purchase the Butte and Boston and Butte and Montana companies, which is permitted by the decision of the court of errors and appeals refusing to continue the temporary injunction.

Receiver For a Railroad.

Savannah, Ga., June 19.—At Sandersville, William N. Hobbs of Sylvania, was appointed temporary receiver for the Sylvania railroad upon the application of the Central of Georgia railway. It is alleged that the the Sylvania railroad has defaulted upon the interest on a \$33,000 mortgage held by the Central. The application for a permanent receiver will be made at Tennesse, July 15.

Dr. Kennedy's Release.

New York, June 19.—Dr. Samuel J. Kennedy, charged with the murder of Dolly Reynolds, was released under \$10,000 bail and was cheered by a crowd of 600 men and boys as he walked to his counsel's office to join his wife. An hour later he started for his home at New Dorp, which he has not seen for 34 months.

St. Petersburg, June 19.—Prof. Ott's bulletin says the condition of the czarina and her new born child is entirely satisfactory.

THROUGH THE HOUSE

Go Two Bills Supplemental to Pennsylvania Rapid Transit Acts.

BOTH MEASURES WARMLY ATTACKED

One Constitutes the Governor and Other State Officers a Board to Pass on Applications For Franchises.

Harrisburg, Pa., June 19.—The house passed finally on special orders the two bills supplemental to the Rapid Transit acts signed by the governor recently. These bills were introduced and passed in the senate last week and they now go to the governor for his action. The one constituting the governor, secretary of state and attorney general, a board to pass on applications for rapid transit franchises was viciously attacked by several anti-administration Republicans and Democrats. In the course of a speech, Mr. Coray of Luzerne, a Republican leader of what is known as the "insurgent" element, said: "Two weeks ago the office of the secretary of the commonwealth presented a scene which will go down in history. There were a lot of hungry parasites and a lot of millionaires present in obedience to the orders they had received to raid the treasury. They carried away valuable franchises and now it is proposed to prevent others from getting similar favors by placing the power to grant them in the hands of a board. Mr. Coray said the people were opposed to the rapidity with which these bills were passed by the legislature. "The time will come," he concluded, "when the people will sweep your infernal machine off the face of the earth."

Mr. Hall (Rep.) of Allegheny, said this legislation is a very poor climax to what has already been enacted.

Mr. Mayne (Dem.) of Lehigh, characterized the legislation as infamous and protested against its passage. He said this legislature had become a stench and byword to the public and that its only chance to redeem itself was by defeating these bills.

Mr. McClain (Rep.) of Lancaster, said in defense of the measure that many applications were made at the state department for charters that were to be used for purely speculative purposes and this bill is to prevent such speculation in charters.

A Swell Wedding.

Butte, Mont., June 19.—W. A. Clark, Jr., the youngest son of United States Senator W. A. Clark, and Miss Mabel Foster were married at the home of the bride's parents, Rev. S. C. Blackiston, of St. John's Episcopal church, officiating. The Foster home was elaborately decorated. The wedding guests were limited to 50 relatives and friends. Mr. Foster gave his daughter away. There were no bridesmaids or groomsmen. Senator Clark's present to the bride was a check for \$100,000. The groom's present to the bride was a necklace of diamonds and pearls said to be valued at \$60,000.

William Predicts Peace.

Cuxhaven, June 19.—At the conclusion of the regatta on the lower Elbe, a dinner was given on board the Hamburg-American yacht Victoria Luise, at which Emperor William made a speech. His majesty told his hearers that he deduced from recent events in China, the guarantee that the peace of Europe was assured for long years to come, because of the mutual esteem and spirit of comradeship created by the united action of the allied contingents.

Nicaragua Canal.

Managua, Nicaragua, June 19.—The engineers of the Isthmian Canal commission, after borings have condemned two of the proposed sites for the dam across the San Juan river in the event of an interoceanic canal being constructed, but have discovered another proper and convenient site. At this point a stratum of rock extends across the river, a few feet below the bed and extends into the banks on each side.

A Former Senator.

Dover, N. H., June 19.—Former Governor P. C. Henry of Manchester, died at the home of his son-in-law, Charles H. Fish. He was 73 years of age. He had been ill since the death of his wife several weeks ago. Besides having been governor of New Hampshire, Mr. Henry had served as United States senator and as United States minister to Switzerland under President Harrison.

Offer to Lipton.

London, June 19.—It is not probable that Sir Thomas Lipton will accept the offer made by an American magazine for a \$5,000 cup race over the same course, after the America's cup race. He has, however, left the whole matter in Commodore Lewis Cass Ledyard's hands.

PINGREE'S REMAINS

About to Be Shipped to His Late Home in Michigan.

London, June 19.—The North German Lloyd steamer Koenigen Luise, which sails from Bremen, June 22, for New York, will take the body of former Governor Hazen S. Pingree of Michigan, who died here Tuesday night, after a brief illness. Last March Mr. Pingree started on a trip to South Africa, which resulted in his death at London. Mr. Pingree was 61 years of age and was one of Michigan's most eminent men. As mayor of Detroit and later as governor of Michigan, he effected many reforms.

Detroit in Mourning.

Detroit, Mich., June 19.—All the flags in the city are floating at half mast, out of respect to the memory of ex-Governor Pingree, whose death in London is almost the sole topic of conversation on the streets. Expressions of deep and sincere regret are heard on every hand, and the papers are filled with eulogies of the dead ex-governor from friends and former political foes alike. The common council adopted fitting resolutions on the death of Detroit's best known mayor. As a whole, the city is more deeply moved by Pingree's death than by the loss of any public man in many decades.

More Interurbans Merged.

Cleveland, June 19.—Not satisfied with its recent conquests in the suburban railway field, the Everett-Moore syndicate has gone after another big system of interurban railway lines. This, when they add it to their thousand miles of tractions, will give them a clean sweep from Port Huron, Mich., to Pittsburg, Pa. Three routes will be included in the spider-like trail and more than 2,000,000 people will be within reach of the line controlled by the system. Negotiations, it is learned, are under way by which the Mahoning electrical system will also be absorbed by the big syndicate.

Returned to Port.

Newport, R. I., June 19.—The yacht Constitution went out to sea for a trial sail. When off the lightship, however, she came about and for some time her sails flapped in the light breeze. In a short time the press boat rounded up under her stern, took a line and started back towards the harbor. There was no trouble with the rigging of the yacht, but there was a suggestion of trouble with the steering gear in the action of the yacht off the lightship. Later it was learned the yacht returned because of a lack of wind.

Settled By the Courts.

Denver, June 19.—Judge Hallett in the United States circuit court rendered judgment in the case of the Munn Brothers against the Ibox Mining company, by which the plaintiffs may secure more than \$1,000,000 from the owners of the Ibox group of mines at Leadville. The plaintiffs claimed a half in the Independence lode of the Archer consolidation. The court awards approximately one-twelfth of the ores extracted and sold from the area in controversy.

Ended in a Dispute.

Portland, Or., June 19.—Edward Johnson, middleweight wrestler of the Multnomah Athletic club, defeated Max Wiley, amateur lightweight champion of the United States in the club gymnasium. No decision was given in the first bout, according to agreement, no fall having been secured within 30 minutes. In the second bout Johnson, according to the decision, threw Wiley in two minutes. Wiley claimed there was no fall.

Atlantic Liner's Fast Run.

Plymouth, June 19.—The Hamburg-American line steamer Deutschland arrived here, having beaten her own speed record. She covered 3,082 miles in five days, 11 hours and 51 minutes at an average speed of 23.38 knots per hour, against 23.36, her best previous record. Her daily runs were 449, 540, 542, 549 and 460 knots, none of which equal previous best day runs. Her best previous day's run made in August, 1900, was 552 knots.

Ship Overdue.

London, June 19.—The ship John McDonald of New York, Captain McDonald, from Baltimore, Sept. 18 for San Francisco, has been posted at Lloyds as overdue. Nothing has been heard of the John McDonald since she was reported spoken Jan. 16 last, when she was flying a signal "ship on fire." She kept on her course, however, without stopping and was soon out of sight.

Students Pardoned.

St. Petersburg, June 19.—The czar signaled the birth of his daughter by issuing a ukase, commuting the punishment of the riotous students. Some of them are exempt from further military service and others are credited with their period of punishment as part of their regular military duties.

'T WAS A SHAM ATTACK

Says the Young Girl of the Waylaying by Four Men of Her Escort.

NOW CHARGES THE GANG WITH RAPE.

An Ice Man, Angered at His Wife's Dissolute Habits, Kills the Woman and Himself—Day's Record of Crime.

Canal Dover, O., June 19.—Abraham Edwards, George Boltz, Adam Lantzer, John Jones and Charles Frank, were arraigned before the mayor on charge of having raped Laura Bucher, 17, a dining room girl. Their preliminary hearing was set for Thursday morning. The affair has aroused the town. The girl says she went out walking with Lantzer. As they approached a grove, they were set upon by four young men. Two of them seized the man, while the others took the girl to the dark entrance of a school building where she was ravished. The assault upon Lantzer, according to Miss Bucher, was a sham. He as well as the others, she claims, also ravished her and left her nearly unconscious.

Shot By a Constable.

Springfield, Ills., June 19.—At Lane's gambling resort, Frank Poffenberger, of Jacksonville, a gambler, was killed by Constable W. L. Brown. Several constables appeared at the entrance with search warrants. Constable Brown was reading the papers to the porter, when he was accosted by Poffenberger, who secured the papers and tore them into bits. Brown instantly shot him through the heart. The constables are under arrest.

Suspected of Murder.

Watseka, Ills., June 19.—Bert A. Maggee was placed in jail charged with murdering his wife, his 6-year-old child, Calvin, and his wife's mother, Mrs. Mary J. Hershberger, May 28. The accused was the only living witness of a fire in which the three victims perished. The fact that Maggee escaped with all his clothing and that he was the beneficiary of \$2,000 insurance upon his wife's life, led to his arrest.

Woman Found Murdered.

Greene, Ia., June 19.—Mrs. Louis Busse, living seven miles southwest of here, was found in her house dead and partly burned, one leg being entirely burned off. It is supposed she was murdered and the house fired, as kerosene and feathers were scattered all over the floor. She had been married but a short time and it said there had been considerable domestic trouble.

Domestic Tragedy.

New York, June 19.—James F. Ahearn, employed as an iceman, shot his wife Louise and then sent a bullet through his own brain in a yard in the rear of the residence of Henry Wernke, in Gravesend. Both were dead when found. Angered at his wife's habits, which were somewhat dissipated, is supposed to have furnished a motive for the crime.

Killed For Killing a Goose.

Muskogee, I. T., June 19.—At Clarksville, Mrs. Jessie Miller shot and killed her next door neighbor, Mrs. M. L. Brake. Mrs. Brake had killed one of Mrs. Miller's geese. Mrs. Miller came to Muskogee and surrendered. She was released on \$5,000 bond.

The Dentist Is Dead.

Berkely, Cal., June 19.—Dr. J. G. Jessup, who was shot by Rev. Charles C. Adams, has died from his injuries. Adams is in county jail at Oakland.

Verdict of Not Guilty.

Philadelphia, June 19.—The jury in the case of Richard F. Loper, charged with conspiring with Cashier John S. Hopkins to defraud the Peoples' bank of large sums of money, brought in a verdict of not guilty by direction of the court. The bank failed March 24, 1898, and the Guarantee's Indemnity company, of which Loper was general manager, failed at the same time. Cashier Hopkins killed himself after accusing Loper of being in part the cause of his downfall. Loper borrowed large sums personally and for his company, but he claimed that he gave the bank ample security for the loans and that Hopkins hypothecated the securities for speculative purposes.

MAYOR ASHBIDGE, of Philadelphia, turned down John Wanamaker's offer of \$2,500,000 for the street franchise of the city and gave it to his gang "free fer nothin'." That Quaker City gang are "daisies," and the Mayor is a "peach." He was afraid the people might reap some benefit from this street railway franchise. "The people be d—d," is no doubt his motto.

Russia has served notice on the United States that she proposes to put the maximum tariff on American bicycles and naval stores. This in retaliation on account of the action of the Treasury Department in exacting the full rate on Russian petroleum. It is entirely distinct from the retaliatory legislation by Russia in response to the countervailing duty levied on Russian beet sugar on the ground that it was bounty fed, which has been attracting so much attention recently. Mr. Gage caused all this trouble by knuckling to the sugar trust and the Standard Oil crowd and levying the limit on the little sugar and oil sent to us by Russia. But the poor little sugar trust and Standard Oil gang have to be protected.

THE PHILIPPINES.

Unique Description of Uncle Sam's New Possessions,

By a Maysville Boy Who Has Been Having a Hot Time Over There.

Mr. Frank Landgraf is in receipt of an interesting letter from Mr. John T. Cooke, who has been with the army in the Philippines for a year or more. The BULLETIN by permission publishes a portion of it:

SAN ISIDRO, LUZON, P. I., May 2nd.
 It will soon be two years that I am in the U. S. Army, and since I have been over here I have seen lots of great sights. I am now located at San Isidro, General Funston's headquarters, about 300 miles from Manila and about 13,000 miles from old Maysville. In my two years over here I have done lots of "hykeing" in the bamboo jungles after the Googues. I was in the campaign when General Lawton was killed, December, 1899, and have several times been with Generals Grant, Wheaton, Bell and Funston. General Funston is a fine man. All the boys of the Twenty-second think lots of him.

Times here now will not be so hard since the capture of Aguinaldo. All of his Generals are coming in and surrendering and our hykeing is about over, and it will not be long before my time is out and I will be on my way back home. When I am discharged I am coming home by the way of Suez Canal and will have the pleasure of stopping at Borneo, Singapore, Port Said, Malta, Gibraltar and Colombo, and will land in New York City about August, 1902.

Well, Frank, I will try and write you a few lines about these islands over here and will tell you there are lots of h— over here, sure.

The Philippines are a bunch of trouble gathered together on the western horizon of civilization. They are bounded on the north by rocks and destruction, on the east by typhoons and monsoons, on the south by earthquakes and earthquakes and on the west by hoodooism and smugglers. The climate is a system of electrical changes, adapted especially to raising h—l. The soil here is extraordinarily fertile, producing large crops of insurrection and trickery. The inhabitants are very industrious, their chief occupation being trench building and the manufacture of bolos and knives and reloading Remington cartridges. Their amusements are cock fighting, monte dealing, stealing and cheating. Their grub consists of boiled rice, stewed rice, fried rice and rice. Their marriages here are great; the ceremony is very impressive, especially the clause wherein the wife is given the privilege of working as much as the husband desires. The heat of burden is the caribao. On a three mile journey only ten days' rations are required. For a trip of 100 miles the driver would die of old age before reaching his destination. The rivers are serpentine in course, their currents running in opposition to all laws of gravitation. Manila, the capital and principal city, is situated on Manila Bay, a large sand-lashed body of water full of filth, sharks and Spanish submarine mines. Cavite, the next city of importance, is noted for its natural facilities for a naval station and for its large number of saloons and Chinamen. The principal exports are rice, hemp and war bulletins. The principal imports are American soldiers, arms, ammunition, beer, whisky and tobacco.

Malaria is so prevalent that on several occasions the islands have been shaken with a chill. Luzon, the largest group established with the numerous islands by substituting the mosquito for the carrier pigeon, the mosquito being much larger and better able to endure the fatigue of the journey. The native costume is a flour sack tied around the waist. The children under twelve years of age wait until the next year for their clothes. The towns are an aggregation of shacks, full of filth, fleas, our dogs, cats, horses, pigs, chickens, flies, caribaos, bed bugs and ants and the family all sleeping together on terms of equality. The native drink here is a coker and it is called beno. It will surely make drunk come. It is made of tarantula juice, cactus juice, bamboo roots, cocoanut hulls, banana stalks, barbed wire and lightning.

The Philippines, appropriate present for a deadly enemy.

The native's your friend—at the point of a gun. The climate pleasant and healthful—for roaches, tarantulas, alligators, scorpions, centipedes, ants, monkeys, caribaos and snakes.

The women—Well, O, my!

The soil is adapted for raising foul odors and disease.

The Philippine Islands are a God forsaken cannibalized Aguinaldo infested blot on the face of God's green earth.

Well, I must bring this letter to a close, hoping that you will receive it safe at hand some day. Give my regards to all the boys and tell old friend Joseph that if he was down here with me he could raise the balloon sky high and there would never be anything said about it.

The weather here at present is something fierce; it is hot enough to fry eggs. Next month the rain season sets in and look out if a man can't swim he is surely out of luck.

Tell the Hon. Robert A. Frost that our band is in need of a bass drum beater and I think Bob, old boy, could fill the bill. So good-by, yours sincerely,
 PRVT. JOHN T. COOKE,
 Co. M, 2nd, San Isidro, Luzon, U. S. Infantry, Philippine Islands.

Slim Collection For Powers and Howard.
 LEXINGTON, KY., June 18.—So far there have been only about twenty contributions to the fund for the defense of Caleb Powers and Jim Howard which was inaugurated here. The largest contribution thus far received was \$2 and the smallest 25 cents. One of the women connected with the movement has received a letter from Powers thanking her for her interest.

Mr. John Sons, while engaged in a game of ball yesterday, severely injured one of his thumbs.

The Court of Appeals has reversed the case of the Vanceburg T. P. R. R. Company against the M. and B. S. Railroad Company.

Sub-contracts for work on St. Patrick's parsonage have been awarded by Contractor S. B. Chunn as follows: Brickwork, Robert Ross, Vanceburg; plumbing, J. J. Fitzgerald & Co; painting, John Crane; tin and galvanized iron work, McClanahan & Shea.

The consolidation of the Central University and Centre College is now an accomplished fact. At 1:45 o'clock Wednesday morning the Alumni Association of Central University, by a vote of 59 to 41, ratified the articles of consolidation, and Central University, after an existence of twenty-seven years at Richmond, goes to Danville. As a last resort, the anti-consolidationists will now carry the fight into the courts.

THEY ALL SAY SO.

Not Only in Maysville But in Every City and Town in the Union.

If the reader took the time and trouble to ask his fellow residents of Maysville the simple question given below, he would obtain the one answer. If he would read the statements now being published which refer to this answer, it would surprise him to note that they number so many, as many more could be, and may be published, but in the meantime ask the first person you meet what cures backache? The answer will be Doan's Kidney Pills. Here is a citizen who endorses our claim:

Mrs. Willard Nichols of 251 West Third street says: "The result of the use of Doan's Kidney Pills proves them to be a most valuable remedy. Relief from backache follows from the first dose and a positive cure is effected in a short time. Mr. Nichols also used Doan's Kidney Pills with the best results, procuring them at J. Jas. Wood & Son's drug store, corner of West Second and Market streets."

NEIGHBORHOOD NEWS.

Items of Interest Contributed by Our Country Correspondents.

SPRINGDALE, June 19th.—The heavy rains Sunday and Monday did considerable damage to crops in this vicinity.

J. Arthur Vawter came down from Lexington on his wheel Tuesday, reaching home about 4 p. m.

Children's Day exercises will be observed at Bethany Church Sunday night, June 30th.

Some of our citizens attended the basket meeting at the Tollesboro Christian Church and partook of the hospitality of that good people, and for quality and quantity we have never seen the dinner surpassed.

The handsomest room in the dormitory of the Kentucky University was occupied by two Mason County boys from Cabin Creek. They had the floor nicely carpeted, the walls papered and covered with pictures, while they had thirty varieties of flowers to beautify their apartments, which speaks well for our vicinity, considering there were 175 boys there from almost every State in the Union and from several foreign countries.

PLEMME, June 18th.—Miss Mattie Bradford is a guest of her aunt, Mrs. Fannie Rogers.

Miss Nannie Lewman, of Tollesboro, is a guest of relatives at "Orchard Farm."

Miss Lida Story, of near Tollesboro, is a guest of Mrs. Lyons.

A very entertaining tent meeting is in progress at Riggen's park, one mile east of Plumville. Quite a large crowd is in attendance. The meeting will continue over Sunday.

WEDONIA, June 18th.—The heaviest rain that ever fell in the neighborhood of Mt. Gilead fell Saturday evening. In ten minutes the creeks were washing everything in sight away: corn, tobacco, gardens, fencing and wheat were completely washed out of the ground.

Miss Lindsay is visiting the Misses Cook. Also Miss Alexander, of Lexington.

Charlie Clark, of Paris, is visiting his mother here this week.

Mrs. Amanda Rice and family, of Maysville, are visiting her children here this week.

Mr. and Mrs. S. R. Walker, of Orangeburg, are visiting their daughter, Mrs. Goodman.

Children's Day service took place at Mill Creek Sunday night. A large crowd was present and the children did exceedingly well for the short time in which they had for practicing. Great credit is due Miss Bettie D. Cook for her laboring so faithfully with them for this entertainment which only goes to prove what might have been had she had time to work longer with them, but it was a success from start to close. The last scene on platform was fifteen children who raised one dollar each for missions.

SHAFTER EXPLAINS.

Says There Is No Shortage in Any of the Departments at Frisco.

Washington, June 19.—The war department made public telegrams relating to the alleged clothing frauds at San Francisco. The first is a message from General Corbin to General Shafter asking for information on the subject and stating that it is desirable from every point of view that detailed facts of any importance be given in the department before being exploited in the newspapers. General Shafter's reply is as follows: "There is no shortage in any of the departments here. This seized clothing undoubtedly represents the accumulation of articles which have been sold from time to time during the past year or two by the thousands of soldiers who have passed through San Francisco. I do not regard this matter as of any importance, though it has been widely exploited by the sensational newspapers."

Suicide Identified.

New Orleans, June 19.—An unknown man who committed suicide in Jackson Square in this city proved to be Jacob Miner, a retired cigar manufacturer and dealer of New York city. Jacob Miner, a son of the suicide, and Albert Gosler, his son-in-law, came here from New York in search of Miner and fully identified the effects in the coroner's office. Miner disappeared from his home in the east on June 9. On Thursday last, the son received a letter postmarked New Orleans, in which the writer indicated that his mind was unbalanced and contemplated self-destruction.

Alabama's Constitution.

Montgomery, Ala., June 19.—Consideration of the executive department of the proposed new constitution, was resumed in the constitutional convention. The section making the governor ineligible for the United States senate was adopted, as was also the section forbidding the governor appointing members of the legislature to office.

Died at Sea.

Washington, June 19.—General Shafter reports to the war department that Private Hold Brighton, Co. D, Fortieth infantry, died on the eighth inst. of dysentery while en route from Manila on the transport Pennsylvania, which has arrived at San Francisco.

Damage By a Cloudburst.

1,000,000 WOMEN RELIEVED

Reports received show that Wine of Cardui has brought permanent relief to 1,000,000 suffering women in the last few years. Because of Wine of Cardui, thousands of sufferers, seemingly on the way to premature graves, are now healthy women taking an active interest in the duties of life. Mrs. Mitchell was declining in health when Wine of Cardui "performed a miraculous cure" in her case. She suffered terribly with the agonies of falling of the womb, leucorrhoea and profuse menstruation. The weekly appearance of the menses for two months sapped her vitality until she was little better than a physical wreck. Her nervous system gave way under the terrible pain and aggravation. Then came the trial of Wine of Cardui and the cure. Mrs. Mitchell's experience ought to commend Wine of Cardui to suffering women in words of burning eloquence. The Wine is within the reach of all. Woman who try it are relieved. You can get as much benefit as Mrs. Mitchell received. Ask your druggist for Wine of Cardui. Send to the laboratory for the medicine if he tenders you a substitute.

WINE OF CARDUI

South Gaston, N. C., May 29, 1899.
Wine of Cardui and Theodor's Black-Draught have performed a miraculous cure in my case. I have been a great sufferer from falling of the womb and leucorrhoea, and my menses came every week for two months and became very painful. I was in a bad condition. My husband induced me to try Wine of Cardui and Black-Draught, and now I have no pain. The leucorrhoea has disappeared and now I am in perfect health. Mrs. WILLIE MITCHELL.
